PROFESSIONAL SUMMARY

Experienced software developer with a solid background in React.js and Next.js, backed by two years of successful project delivery. I bring a dynamic skill set, having completed an internship focused on React Native development. Proficient in API integration and backend development using Node.js, my dedication to crafting robust and user-centric applications is evident in my track record. Eager to leverage my expertise in cutting-edge technologies to contribute effectively to innovative projects and drive continued success in software development.

WORK EXPERIENCE

DT Modern Intern

August 2023 – Present

Lahore, Pakistan

- Proficient in React Native and React.js for full-stack development
- Demonstrated expertise in front-end development, including UI/UX design and implementation.
- Achieved seamless communication between the frontend and backend through meticulous API integration.
- Developed and maintained both frontend and backend components, ensuring a comprehensive understanding of the entire stack.
- Successfully integrated third-party APIs to enhance the functionality of the application.
- Executed the creation of responsive and user-friendly interfaces, elevating the overall user experience to new heights.
- Collaborated with a cross-functional team to deliver high-quality software solutions within project timelines.
- Actively participated in team meetings, contributing ideas and solutions to enhance project efficiency.

Full-Stack Engineer

June 2021 – Aug 2022

Freelancing | Lahore, Pakistan

- **E-commerce Expertise:** Specialized in developing visually appealing and user-friendly E-commerce web stores. Implemented cutting-edge features to enhance the online shopping experience and drive customer engagement.

- **Stock Management Excellence:** Developed a robust Medicine Stock Management system, optimizing inventory processes for efficient medicine delivery. Implemented features ensuring accuracy, real-time tracking, and ease of use in the stock management application.
- **Client Satisfaction:** Achieved 100% client satisfaction on all completed projects, fostering positive long-term client relationships. Received positive feedback for the seamless functionality and aesthetic appeal of E-commerce and Medicine Stock Management systems.

PROJECTS

Wheather App

[View in GitHub](#)

- **Development:** Built a React Native Weather App with a focus on mobile app development.
- **Technological Skills:** Demonstrated expertise in React Native for efficient and scalable development. Ensured responsive design for a seamless user experience.
- **User-Friendly Design:** Created an intuitive and user-friendly interface prioritizing positive user experience.
- **Real-Time Data:** Integrated a weather API for up-to-date and accurate weather information. Enabled real-time data fetching to keep users informed.
- **Cross-Platform:** Developed a cross-platform app for both iOS and Android using a single codebase.
- **Responsive Frontend:** Implemented a fully responsive frontend for various screen sizes. Performance Optimization: Optimized app performance for quick loading and smooth navigation.
- **Quality Assurance:** Conducted rigorous testing for a bug-free and reliable Weather App.

PortFolio Publish using GitHub ([View](#))

[View in GitHub](#)

- **React.js Expertise:** Demonstrated proficiency in React.js by creating a dynamic and responsive portfolio.
- **Tailwind CSS Mastery:** Utilized Tailwind CSS for styling, showcasing a keen eye for design and a modern approach to styling.
- **Hosting on Vercel:** Successfully deployed the portfolio on Vercel, highlighting not only development skills but also knowledge of deployment processes.
- **Responsive Design:** Ensured a seamless user experience across various devices through responsive design principles.
- **Form Integration:** Implemented a built-in Form backend API, showcasing the ability to handle user input and data management effectively.
- **User Interaction:** Incorporated interactive elements to engage users and enhance overall user experience.
- **Clean Code Practices:** Committed to clean and well-documented code, promoting readability and maintainability.

Final Year Project

[View in GitHub](#)

- **Blockchain-Powered Project:** Integrated blockchain for decentralization.
- **Frontend Skills :** Used React.js and Tailwind CSS for dynamic frontend.
- **Cryptocurrency Development:** Created custom dummy coins and secure wallets.
- **NFT Integration:** Implemented Non-Fungible Tokens (NFTs).
- **Emerging Tech Exposure :** Gained experience in cutting-edge blockchain technology.
- **Security and Cryptography:** Applied cryptography for a secure blockchain.
- **Detailed Documentation:** Maintained comprehensive project documentation.
- **Adaptability and Learning:** Proactively explored new technologies in blockchain development.

Student Report Management System C++

- Designed and implemented a Student Report Management System in C++, showcasing proficiency in programming and data management for educational institutions.

YouTube Clone: React-js, HTML,Tailwind CSS, JS

- Created a YouTube clone using HTML, CSS, and JavaScript, showcasing web development skills and interactive user interface design.

EDUCATION

Bachelor of Science in Software Engineering (BSSE)

Oct 2019 - Aug 2023

University Of Central Punjab | Lahore ,Pakistan

SKILLS

React-JS | Next-JS | React Native | Tailwind CSS | C++ | Python | JavaScript | TypeScript | MySQL | MongoDB | NodeJS | Java | Backend Development | MERN Stack | HTML | FireBase |
